Professional Profile

Ecommerce and Digital Growth Consultant with over 10 years of experience driving measurable business results across ecommerce, marketplaces, and multichannel strategies. As Brand & Growth Consultant at Rabbit, a multichannel marketing consultancy, I lead strategic engagements for 200+ brands across LATAM, the USA, and Europe — helping the practice grow 77% YoY (2023) and 52% YoY (2024), while consistently delivering 3x–5x ROAS for retail, beauty, health, and B2B clients.

I specialize in designing and executing end-to-end digital strategies that integrate SEO, SEM, performance marketing, analytics, and UX optimization to increase online revenue and profitability. My approach combines strategic vision with hands-on execution — overseeing six-figure ad budgets, managing cross-functional teams, and translating data into commercial decisions that drive measurable growth.

With a proven track record of launching ecommerce operations across Shopify, MercadoLibre, Amazon, and other platforms in 15+ countries, and achieving up to \$9 ROI per dollar spent, I bring the operational depth and strategic leadership to scale growth in complex, multinational environments.
